## Custom Built to Meet Your Needs

Dirty kegs? Clean them with the KegCommander Keg Washer by ABE Beverage Equipment. This dual-head system cleans and purges up to 34 kegs per hour and is compatible with most standard couplings (A, S, D & U). The independently adjustable cleaning heads allow you to clean different sized kegs simultaneously. The process is controlled with the HMI touchscreen interface, increasing or decreasing the length of each of the 21 steps in the cleaning cycle. This durable machine is constructed of 304 stainless steel, including the piping, and has two separate heated liquid holding tanks to ensure a thorough reserve for the entire cleaning process.

## Industry Leading Warranty

Each KegCommander that leaves our facility carries UL certification and an industry-leading 5-year limited warranty on the metal and welds. In addition to a comprehensive spare parts inventory, you'll receive customer support from our team right here in Lincoln, Nebraska with any ABE purchase.
