

SmartShot15

Custom Built to Meet Your Needs

The SmartShot15 Tabletop Labeler, with or without Date Coder, is designed with the small to medium sized packager in mind. Manually feed cans to label and code at 15 units per minute. It works for aluminum cans, or glass or plastic bottles between 330ml - 1.5 liters.

Your Complete Package

The SmartShot15 allows you to manually label your containers economically and precisely as a highly demanded addition to ABE's complete packaging portfolio. Ask your representative for solutions for container feeding, filling, date coding, and more.
