

## CraftCan Duo Series

### Custom Built to Meet Your Needs

The CraftCan Duo Series Canning System offers all the great features of the CraftCan, but with more versatility and throughput. ABE's proprietary 16-head dual-fill design allows you to fill two can sizes at once! Even at more than twice the speed of the CraftCan35 Canning System, you won't sacrifice accuracy or reliability. The CraftCan Duo Canning System is built with ABE's patented Servo Seamer and offers real-time seam analysis to ensure precise and in-spec cans time-after-time.

The CraftCan Duo8 offers a throughput of up to 45 CPM and is upgradable to the CraftCan Duo16 which can produce up to 90 CPM by adding the second lane as you and your business demands grow. Talk to your ABE representative to learn more.

### Your Complete Package

Each CraftCan Duo that leaves our facility carries UL certification and an industry-leading five year limited warranty on the metal and welds. In addition to a comprehensive spare parts inventory, you'll receive superior customer support from our team right here in Lincoln, Nebraska with any ABE purchase.

**Expandable up to  
90 CPM**

**Patented Servo Seamer**

**Easy Changeover  
for Different Cans**
