

Mash Skid

Custom Built to Meet Your Needs

If you are getting into distilled spirits, this is the setup for you. ABE has designed a skid-mounted system that compliments our 50gal-125gal Patriot Stills. This budget-friendly system is the perfect solution to craft a fermented product, ready to be distilled. Our turnkey solutions will ensure that you and your business are set up for success. Mash House solutions are available up to 60bbl, and stills are built up to 1,000gal.

This compact skid produces mash from grain which is then fermented in food-grade tanks. Once fermented, the spirit can be pumped into a still for immediate distillation.

Your Complete Package

Each Mash Skid that leaves our facility carries UL certification and an industry-leading five year limited warranty on the metal and welds. In addition to a comprehensive spare parts inventory, you'll receive superior customer support from our team right here in Lincoln, Nebraska with any ABE purchase. Call ABE Sales at 402-475-2337 for your custom configuration today!
