

Pilot Still

Custom Built to Meet Your Needs

The Pilot Still by ABE Beverage Equipment is an affordable option for a small craft spirits producer. Whether you are looking for a turn-key solution to begin a distillery, or are looking to add a still to your existing business, the 50-gallon Pilot Still is the perfect solution. From moonshine to botanically-infused gin, this electric still can produce a fantastic product with a minimal footprint; and it's simple to use.

ABE's Pilot Stills are safe too. These stills are equipped with explosion proof heating elements, and CSA Certified heating elements. Our 304 stainless steel comes with an industry-leading guarantee, and is a low-maintenance alternative to all-copper systems. In addition to a comprehensive spare parts inventory, you'll receive customer support from our team right here in Lincoln, Nebraska with any ABE purchase.

Your Complete Package

Package your craft spirits with a TruPatriot Liquor Filler, or can your craft cocktails with a CraftCan canning line. Both accommodate a variety of products and packages. ABE offers complete craft beverage production and packaging solutions. Ask your representative for options to fit your craft spirits needs, whether you produce vodka, rum, gin, or whiskey.
